

## **THE EVENING RECEPTION PARTY**

**This package includes the following:**

- 2 x 45 minute sets of carefully selected upbeat music in the evening.
- The option of a bespoke live acoustic performance for your first dance.
- Music played via a phone or iPod during the break between sets.
- Includes professional lighting and a sound system that is carefully used at just the right volume.

The evening music package includes 2 live acoustic sets, usually featuring upbeat, well known songs – but as always, you can tailor the music to fit your occasion. I will bring my own stage lighting to add a touch of magic to the evening which creates the perfect dancing atmosphere and will use my own professional PA system which will be set at just the right volume - and not too loud! Sometimes clients prefer to opt for a more relaxed 1st set as guests are still warming up to be followed by a more upbeat 2nd set to get your guests up and dancing.

If you would like me to play your first dance for you then as long as I have been told well in advance I will do my best to play it for you. I should be able to play a lovely stripped back arrangement of your special song and this can be the perfect, intimate way to start off the dancing.

On occasions my performance is complimented by the use of special equipment (a loop pedal) that enriches my sound by adding an acoustic guitar drum loop and vocal harmonies. This can give the impression that there are more musicians than myself, or even a band playing. This means I can create a sound that is both powerful and intimate whilst only needing a small set up space guaranteed to fit in all venues.

Between sets I'll take a break of around half an hour – if you're having evening food served, this can be a great time to do it. If food is served during the live music, unfortunately the dance floor has a tendency to empty pretty quickly! During my break I'll put on a playlist of music through my PA system.

Please note:

- Start to finish of the performance should generally not span more than 2.5 hours.
- You can make up to three non-repertoire special requests with this option.
- Travel charges will apply based on 45p a mile to and from the venue.
